MEMORANDUM FOR: Executive Director

SUBJECT : Inspector General Surveys of Development Projects
Division and the Civil Air Transport (CAT)

1. In accordance with your request I have reviewed the reply of the Deputy Director (Plans) to our survey of the Development Projects Division. I have also reviewed the reply of the Deputy Director (Support) to the CAT survey. The DD/P reply, which was forwarded to me by your office, is returned herewith. For your convenience I am also attaching copies of the DD/S response to the CAT survey. I should appreciate it if the latter could be returned to this office when they have served your purposes.

2. On the basis of these reviews I recommend that the Director of Central Intelligence approve the original report, subject to the comments contained in the DD/P and DD/S responses, except as set forth in paragraphs 3 and 4, below. I recognize that recent organizational changes involving DPD will necessitate adjustments in their activities, and believe that objectives of the survey have generally been achieved. I am aware of the many improvements in CAT during the past few months, and believe that the problem areas are now under control. We will follow-up on this at the time of our next regularly scheduled inspection.

25X1 3. In Recommendation 19 it was proposed that an Executive Committee for [] be established, consisting of senior representatives of the DD/P, the DD/S, and the General Counsel, to provide general policy recommendations and staff

25X1 assistance in the management of [] The DD/P concurred in this recommendation, but suggested that the Comptroller be substituted for the DD/S. With recent organizational changes I would agree that the Comptroller might be a member of this Committee, but do not believe that the DD/S could thereby be eliminated. In the larger projects the day-to-day responsibilities for logistics, security, training, communications, etc., are among the most important aspects of the activity. It

was the intent of the recommendation to establish a mechanism which could provide guidance and approval in the various areas of operational support. Since the recommendation also proposed that this Committee replace the FRC as the reviewing authority, it should be composed of the office heads themselves or their deputies.]*

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Inspector General's Survey of Civil Air Transport

REFERENCE : Memo dtd 19 Feb 62 to DD/S fr DCI; same subject

1. I have reviewed the Inspector General's survey of Civil Air Transport with care and have initiated appropriate corrective action on the recommendations contained therein. However, I feel that it is necessary to have on-the-spot consultations with Field personnel prior to submitting my final comments. Mr. H. Gates Lloyd left for the Far East on 28 March to consult with the President and other Civil Air Transport officials and is expected to return on or about 20 April.

2. I am confident that a summary of action taken or comments on the recommendations can be submitted shortly after his return. An extension of the 15 April 1962 deadline to 1 May 1962 is therefore requested.
